ADDRESSES OF CONTRIBUTORS TO VOL. 17, PART 4

ALLOTT, R. M., New College, Oxford.

BERDINE, Dr. William R., School of Business, San Francisco State University, San Francisco, Calif. 94132, U.S.A.

BUIUM, Nissan, Department of Special Education, Research and Development Center, University of Minnesota, Pattee Hall, Minneapolis, Minnesota 55455, U.S.A.

BURKE, Dr. John P., School of Education, New York University, 829 Shimkin Hall, Washington Square, New York, N.Y. 10003, U.S.A.

DU PREEZ, Dr. Peter D., Bexley Hospital, Old Bexley Lane, Bexley, Kent DA5 2BW.

GILBERT, Dr. Harvey R., Speech and Hearing Clinic, Pennsylvania State University, 110 Psychology Building, University Park, Pa. 16802, U.S.A.

HEMEYER, Dr. Thomas F., Ball State University, Muncie, Indiana 47306, U.S.A.

KOLERS, Dr. Paul A., Department of Psychology, University of Toronto, Toronto, Canada.

SAXMAN, John H., University of Wisconsin, Madison, Wis. 53706, U.S.A.

SCHIAVETTI, Dr. Nicholas, Program in Speech Pathology and Audiology, New York University, 829 Shimkin Hall, Washington Square, New York, N.Y. 10003, U.S.A.

SCHMIDT, Richard W., English Language Institute, The American University in Cairo, 113 Sharia Kasr El Aini, Cairo, Egypt.

SHARF, Prof. Donald J., Speech Clinic, University of Michigan, 1111 E. Catherine Street, Ann Arbor, Michigan 48104, U.S.A.

STUECHER, Heinrich U., c/o Department of Special Education, Research and Development Center, University of Minnesota, Pattee Hall, Minneapolis, Minnesota 55455, U.S.A.

INDEX TO VOLUME 17, 1974

AUTHORS

AINSWORTH, W. A. The influence of precursive sequences on the perception of synthesized vowels 103

ALLOTT, R. M. Some apparent uniformities between languages in colour-naming ... 377

ARTHUR, Bradford, FARRAR, Dorothee and BRADFORD, George. Evaluation reactions of college students to dialect differences in the English of Mexican-Americans 255

BEDDOES, Michael P. (see SUEN, Ching Yee) 126

BEITER, Robert C. (see SHARF, Donald J.) 110

BERDINE, William R. Some relationships between perceived generality and ambiguity in a set of words 305

BLACK, John W., HOOKER, Elizabeth, LONG, Judith and WILKENS, Karen. The teaching of constructed responses in language therapy 17

BRADFORD, George (see ARTHUR, Bradford) 255

BUIUM, Nissan. An investigation of the word order parameter of a parent-child verbal interaction in a relatively free order language 182

BUIUM, Nissan and STUECHER, Heinrich U. On some language parameters of autistic echolalia 353

BURKE, John P. (see SCHIAVETTI, Nicholas) 347

CAIRNS, Charles E. (see CAIRNS, Helen S.) 160

CAIRNS, Helen S., CAIRNS, Charles E. and WILLIAMS, Frederick. Some theoretical considerations of articulation substitution phenomena 160

CALLARY, R. E. Status perception through syntax 187

WILLIAMS, Frederick (see CAIRNS, Helen S.) 160

PAPERS

Acceptability of linguistic connectives as a function of the relationship between the referent events. Laraine Sullivan 278
Acoustical measurements of distinctive vowel quantity in Malayalam. S. Velayudhan and John M. Howie 95
Comparison of methods of estimating transition probability in speech. Nicholas Schiavetti and John P. Burke 347
Comparison of the factorial structure of oral coding patterns for a middle-class and a working-class group. Millicent E. Poole 222
Design for multivariate analysis of language behaviour and language development. Ernst L. Moerk 240
Distinctive feature confusions in production and discrimination of selected consonants. Frederick C. Lewis 60
Effect of the definite article on the salience of a noun. Peter A. de Villiers 135
Effect of speech-sound cue on ear asymmetry in dichotic listening. Donald J. Sharf and Thomas F. Hemeyer 312
Elaborated speech and hesitation phenomena. Pauline A. Jones 199
Evaluation reactions of college students to dialect differences in the English of Mexican-Americans. Bradford Arthur, Dorothee Farrar and George Bradford 255
Experimental study of interference between receptive and productive processes relating to simultaneous translation. Frieda Goldman-Eisler and Michèle Cohen 1
Filled pauses and syntactic complexity. Mark Cook, Jacqueline Smith and Mansur G. Lalljee 11
Formant transitions and stop consonant perception in syllables. K. M. N. Menon, P. V. S. Rao and R. B. Thosar 27
Functional development of language in a child of two-and-a-half years. Richard W. Schmidt 358
Hesitations in maternal speech. Philip S. Dale 174
Identification of consonants from formant transitions presented forward and backward. Donald J. Sharf and Robert C. Beiter 110

Influence of precursive sequences on the perception of synthesized vowels. W. A. Ainsworth 103
Initial consonant groups function as units in word production. Guy L. Claxton ... 271
Investigation of the word order parameter of a parent-child verbal interaction in a relatively free order language. Nissan Buium 182
Linguistic analysis of the morphemic and syntactic structures of a hard-of-hearing child. Jacqueline J. West and Jack L. Weber 68
On some language parameters of autistic echolalia. Nissan Buium and Heinrich U. Stuecher 353
Orthography and the perception of stops after s. R. Fink 152
Phonetic symbolism in adult native speakers of Czech. Robert D. Tarte 87
Remembering trivia. Paul A. Kolers 324
Response strategies in the partial comprehension of sentences. Norman C. Graham ... 205
Right ear advantage for speech presented monaurally. D. B. Fry 142
Sex differences, extraversion and neuroticism in relation to speech rate during the expression of emotion. Angela B. Steer 80
Silent interval of stop consonants. Ching Yee Suen and Michael P. Beddoes ... 126
Social class, reference and context. Hazel Francis 193
Some apparent uniformities between languages in colour-naming. R. M. Allott ... 377
Some relationships between perceived generality and ambiguity in a set of words. William R. Berdine 305
Some theoretical considerations of articulation substitution phenomena. Helen S. Cairns, Charles E. Cairns and Frederick Williams 160
Status perception through syntax. R. E. Callary 187
Subjective estimates of consonant phoneme frequencies. John B. Carroll and John T. Lamendella 47
Teaching of constructed responses in language therapy. John W. Black, Elizabeth Hooker, Judith Long and Karen Wilkens 17
Time patterns in spontaneous speech—cognitive stride or random walk? A reply to Jaffe, *et al.* (1972). Alan I. Henderson 119
Unidentifiable utterances in children's speech. Everdina A. Lawson and M. R. Murray 296
Units of information in the acquisition of language. Peter du Preez 369
Use of learning rate, recall and listener confidence ratings to assess effects of acoustically distorted speech stimuli. Harvey R. Gilbert and John Saxman 337
